

## ABOUT GETTYSBURG HERITAGE CENTER

Offering a unique look at both the Battle of Gettysburg, and the town of Gettysburg, the Gettysburg Heritage Center has solidified itself as a prominent destination within the community. The non-profit facility contains a comprehensive museum experience, giving visitors a visual and interactive orientation to Gettysburg. The story of Gettysburg unfolds for guest through various displays, 3-D programming, and historic artifacts. Much of the success of the museum is due to various private & public partnerships, including the American Battlefield Trust, and the collaborative efforts with Adams County Historical Society & Land Conservancy of Adams County.
